EXPERIENCE

RIT Center for Campus Life - Staff Artist

March 2017 - Current

Worked with clubs to create graphics they needed, such as posters and fliers for events they would host. I would design and paint large banners that would advertise said events.

AMAX Leather - Freelance Web Developer

August 2018 - December 2018

I worked with AMAX Leather to design and develop their portfolio website. I communicated with their team in order to get feedback and developed a website that would be easily customizable through wordpress.

ID Tech - Director / Lead Instructor

Summers of 2015 - 2018

Managed a small camp of about 30 students a week with 3 to 4 staff members. There I managed my staff, talked with parents and made sure the camp ran smoothly. I helped teach classes and communicated with the campers.

Compete League - Freelance Web Designer

February 2016 - December 2016

Free-lance web design work for a start up. I worked with the lead designer to help create assets for graphics they needed on their website and redesigned their old website.
